

MEET RULES AND GUIDELINES

We have a few rules that we ask all members and visitors to follow. These are in place for the benefit of everyone.

Please note that these rules are just a subset of the Caravanning and Camping Club rules that every member agrees to when they join the club.

For more information please see your Big Sites Book or the Club Handbook.

SITES OPENING AND CLOSING TIMES

Please do not arrive onsite before the published time. The steward **MUST** be the first person on site to comply with the Camping Exemptions Certificate.

SITES FEES

Different areas have different rules on when your site fees should be paid. Some areas pay on arrival, others on departure. Please check with the Steward on site upon your arrival.

SPEED LIMITS

While on site respect a 5 MPH speed limit. This is to protect the field, our children, and our pets.

REFUSE

Unless otherwise specified, All waste must be taken home and disposed of via your home refuse system. Temporary Holiday Sites will usually provide refuse disposal for those onsite.

PETS

Pets are welcome at all our meets, provided

- All Pets (Cats and Dogs) must be on leads at all times (unless constrained within your own unit!)
- Any mess must be cleared up immediately and disposed of properly.
- Dogs should not be near the drinking water points.

ALL QUIET

Please respect our No Noise 7-11 rule. We request for the respect of other campers, that there should be no noise before 7am and not after 11pm. Please feel free to chat in your own units after this time as long as any noise doesn't disturb your neighbours.

GENERATORS

Please remember that we are all members of the 'friendly club' and to be both courteous and considerate to fellow campers when using generators on all rallies.

Generators should always be located adjacent to your own unit, and not in an area where they could cause any inconvenience or danger to other members and **MUST NOT UNDER ANY CIRCUMSTANCES** be left running unattended.

Derby DA rules are that generators may be used between 12 and 2 pm unless prior arrangements have been made with the steward or for health reasons. This will vary with other DA's.

Please remember that the steward of the meet has the right ask you to silence your generator if it is causing a noise nuisance to your neighbours.

At some locations there may be additional restrictions on the use of Generators, please check with the Steward on site.

WATER AND CHEMICAL TOILET WASTE

Drinking Water and Elsan (toilet cleaning/emptying) points will always be clearly labelled. However if you cannot identify one, please ask the steward. Under no circumstances must you take any part of your toilet to the drinking water taps.

FIRE REGULATIONS

In line with the Caravan and Camping Clubs Policy, All units must have a filled fire bucket outside their unit. Units will be well spaced and sited so that they do not restrict access to, or exit from any unit or the area in case of emergencies.

THE '6 METRE RULE'

The 6 Metre rule replaced the 20 foot rule which was the imperial version of it, This is just the minimum space which should be allowed between all units on Camping and Caravanning Club sites whether they be D.A or THS.

Please note that failure to respect these rules may result in you being asked to leave site.

ANY INFRINGEMENTS WILL BE AT THE DISCRETION OF THE STEWARD,
AND THAT THEIR DECISION IS FINAL.
THANK YOU.

All DA meets are organised in accordance with the Code of Conduct for the Organisation of Meets which is printed in full in the Club Handbook.
